Trimming – Chiseling – Driving

Air Scribe® Pen

www.chicagopneumatic.com
CP9361 – CP9361-1

Used for writing and engraving on a variety of materials including hardened steel and other metals, plastic, glass and wood. Will write on materials up to 64 Rc hardness.

Can be converted for use as a light scaler or hammer for deburring, trimming or driving pins and removing seized studs. Kit is preferred by dental mold makers, archeologists, jewelers and artists.

Variable adjustment of power and blow rate using built-in throttle regulator.
