22	Grease Fitting	---	*	Grease Gun	R000A2-228

* Not illustrated.

† To keep downtime to a minimum, it is desirable to have certain repair parts on hand. We recommend that you stock one (pair or set) of each part indicated by a (†) for every four tools in service.

‡ Please note that the standard Tune-Up kit 2115-TK2 includes 7 replacement vanes. The 2115XP and 2125XP requires only 6 vanes.

Parts and Maintenance

When the life of the tool has expired, it is recommended that the tool be disassembled, degreased and parts be separated by material so that they can be recycled.

Tool repair and maintenance should only be carried out by an authorized Service Center.

Refer all communications to the nearest **Ingersoll Rand** Office or Distributor.
